- 1 **10 Tips for Atheists** Natasha Moore et al

Is religious faith just a personal lifestyle choice?

Does Christianity have anything to say to 21st-century people and issues?

The Centre for Public Christianity (CPX), founded in Sydney in 2007, thinks there's still a conversation to be had about faith - many conversations, in fact - and this volume brings together a few of the most stimulating, urgent, or just delightful ones they've had in the media over the years.

These include conversations with atheists, agnostics, and believers; with philosophers, economists, scientists, artists, activists, and ordinary people with far from ordinary stories. They cover everything from religious violence, JFK, refugee policy, ecological ethics, and the scandal of child abuse in the church to Halloween, modern slavery, the kingdom of God, art and beauty, neuroscience, sex, missionaries, economics, and the good life.

Whether you're a believer or a sceptic - whether you're asking "What is Christianity all about?" or "What good has it ever done?" - 10 Tips for Atheists invites you to join one of the defining conversations of our time.

9 **Acting on Conscience** Frank Brennan

How Can We Responsibly Mix Law, Religion And Politics?

Is there a place for personal beliefs in public life? Is a Catholic health minister in a fit position to legislate on women's issues such as the right to an abortion pill? When the prime minister invokes church leaders' support in going to war with Iraq - and those church leaders tacitly approve this - is there a moral issue at stake? In *Acting on Conscience* Jesuit priest, human rights lawyer and academic Frank Brennan tackles these issues head on. He explores some of the legal, moral and ethical issues that capture the public imagination - and critically examine the figures in public life who pass judgement on them. Issues covered include: The War in Iraq, Same-sex marriage and parenting, Late-term abortion, Politics and the judiciary. Through detailed analysis of examples from both Australia and the US, Brennan asks: Is there a place for personal beliefs in public life? As citizens and voters, how can we ensure that in the future, our leaders will speak for us - but not out of turn? In an age of fear and bigotry here is a welcome book of courage and conscience.' Alisa Childers

A Lifelong Christian Seeks Truth in Response to Progressive Christianity

"This may be the most influential book you will read this year." —Lee Strobel, bestselling author of The Case for Miracles A Movement Seeks to Redefine Christianity. Some Think that It Is a Much-Needed Progressive Reformation. Others Believe that It Is an Attack on Historic Christianity. Alisa Childers never thought she would question her Christian faith. She was raised in a Christian home, where she had seen her mom and dad feed the hungry, clothe the homeless, and love the outcast. She had witnessed God at work and then had dedicated her own life to leading worship, as part of the popular Christian band ZOEgirl. All that was deeply challenged when she met a progressive pastor, who called himself a hopeful agnostic. Another Gospel? describes the intellectual journey Alisa took over several years as she wrestled with a series of questions that struck at the core of the Christian faith. After everything she had ever believed about God, Jesus, and the Bible had been picked apart, she found herself at the brink of despair . . . until God rescued her, helping her to rebuild her faith, one solid brick at a time. In a culture of endless questions, you need solid answers. If you or someone you love has encountered the ideas of progressive Christianity and aren't sure how to respond, Alisa's journey will show you how to determine—and rest in—what's unmistakably true.

33 **Boundaries** Henry Cloud, John Townsend

When To Say Yes, How to Say No

Having clear boundaries is essential to a healthy, balanced lifestyle. A boundary is a personal property line that marks those things for which we are responsible. In other words, boundaries define who we

are and who we are not. Boundaries impact all areas of our lives: Physical boundaries help us determine who may touch us and under what circumstances -- Mental boundaries give us the freedom to have our own thoughts and opinions -- Emotional boundaries help us to deal with our own emotions and disengage from the harmful, manipulative emotions of others -- Spiritual boundaries help us to distinguish God's will from our own and give us renewed awe for our Creator -- Often, Christians focus so much on being loving and unselfish that they forget their own limits and limitations. When confronted with their lack of boundaries, they ask: - Can I set limits and still be a loving person? - What are legitimate boundaries? - What if someone is upset or hurt by my boundaries? - How do I answer someone who wants my time, love, energy, or money? - Aren't boundaries selfish? - Why do I feel guilty or afraid when I consider setting boundaries? Dr. Henry Cloud and Dr. John Townsend offer biblically-based answers to these and other tough questions, showing us how to set healthy boundaries with our parents, spouses, children, friends, co-workers, and even ourselves.

37 **Building Small Groups in the Christian** John Mallison

39 **Bullies and Saints** John Dickson

An Honest Look at the Good and Evil of Christian History

Is religion a pernicious force in the world? Does it poison everything? Would we be better off without religion in general and Christianity in particular? Many skeptics certainly think so. John Dickson has spent much of the last ten years reflecting on these difficult questions and on why so many doubters see Christianity as a major cause of harm not blessing. The skeptics, he concludes, are right: even a cursory look at the history of Christians reveals dark things therein--violence, bigotry, genocide, war, inquisition, oppression, imperialism, racism, corruption, greed, power, abuse. For centuries and even today, Christians have been among the worst bullies you could ever imagine. But these skeptics are only partly right: this is not what Christianity was meant to be. When Christians do evil they are out of tune with the teachings of their Lord. Jesus gave the world a beautiful melody--of love, grace, charity, humility, non-violence, equality, human dignity--to which, tragically, his followers have more often than not been tone-deaf. Denying the evils of church history does not do. John Dickson gives an honest account of the mixed history of Christianity, the evil and the good. He concedes the Christians' complicity for centuries of bullying but also shows the myriad ways the beautiful melody of Christ has enriched our world and the lives of countless individuals. This book asks contemporary skeptics of religion to listen again to the melody of Jesus, despite the discord produced by too many Christians through history and today. It also leads contemporary believers into sober reflection on and repentance for their own participation in the tragic inconsistencies of Christendom and seeks to inspire them to live in tune with Christ.

49 **Case for a Creator: A Journalist** Lee Strobel

A Journalist Investigates Scientific Evidence That Points Toward God

My road to atheism was paved by science . . . But, ironically, so was my later journey to God."—Lee Strobel During his academic years, Lee Strobel became convinced that God was outmoded, a belief that colored his ensuing career as an award-winning journalist at the Chicago Tribune. Science had made the idea of a Creator irrelevant—or so Strobel thought. But today science is pointing in a different direction. In recent years, a diverse and impressive body of research has increasingly supported the conclusion that the universe was intelligently designed. At the same time, Darwinism has faltered in the face of concrete facts and hard reason. Has science discovered God? At the very least, it's giving faith an immense boost as new findings emerge about the incredible complexity of our universe. Join Strobel as he reexamines the theories that once led him away from God. Through his compelling and highly readable account, you'll encounter the mind-stretching discoveries from cosmology, cellular biology, DNA research, astronomy, physics, and human consciousness that present astonishing evidence in *The Case for a Creator*.

44 **Case for Christ: A Journalist's Personal** Lee Strobel

A Journalist's Personal Investigation of the Evidence for Jesus

Is there credible evidence that Jesus of Nazareth really is the Son of God? Retracing his own spiritual journey from atheism to faith, Lee Strobel, former legal editor of the Chicago Tribune, cross-examines a dozen experts with doctorates from schools like Cambridge, Princeton, and Brandeis who are recognized authorities in their own fields. Strobel challenges them with questions like, How reliable is the New Testament? Does evidence for Jesus exist outside the Bible? Is there any reason to believe the resurrection was an actual event? Winner of the Gold Medallion Book Award and twice nominated for the Christian Book of the Year Award, Strobel's tough, point-blank questions read like a captivating, fast-paced novel. But it's not fiction. It's a riveting quest for the truth about history's most compelling

figure. The new edition includes scores of revisions and additions, including updated material on archaeological and manuscript discoveries, fresh recommendations for further study, and an interview with the author that tells dramatic stories about the book's impact, provides behind-the-scenes information, and responds to critiques of the book by skeptics. As *The Case for Christ* and its ancillary resources approach 10 million copies in print, this updated edition will prove even more valuable to contemporary readers.

45 **Case for Christmas, The** Lee Strobel

A Journalist Investigates the Identity of the Child in the Manger

Who was in the manger that first Christmas morning? Some say he would become a great moral leader. Others, a social critic. Still others view Jesus as a profound philosopher, a rabbi, a feminist, a prophet, and more. Many are convinced he was the divine Son of God. Who was he—really? And how can you know for sure? Consulting experts on the Bible, archaeology, and messianic prophecy, Lee Strobel searches out the true identity of the child in the manger. Join him as he asks the tough, pointed questions you'd expect from an award-winning legal journalist. If Jesus really was God in the flesh, then there ought to be credible evidence, including Eyewitness Evidence—Can the biographies of Jesus be trusted? Scientific Evidence—What does archaeology reveal? Profile Evidence—Did Jesus fulfill the attributes of God? Fingerprint Evidence—Did Jesus uniquely match the identity of the Messiah? *The Case for Christmas* invites you to consider why Christmas matters in the first place. Somewhere beyond the traditions of the holiday lies the truth. It may be more compelling than you've realized. Weigh the facts . . . and decide for yourself.

46 **Case for Faith, the** Lee Strobel

A Journalist Investigates the Toughest Objections to Christianity

In his #1 best-seller *The Case for Christ*, legally trained investigative reporter Lee Strobel examined the claims of Christ, reaching the hard-won verdict that Jesus is God's unique son. But despite the compelling historical evidence that Strobel presented, many people grapple with serious concerns about faith in God. As in a court of law, they want to shout, "Objection!" They say, "If God is love, then what about all the suffering in our world?" Or, "If Jesus is the door to heaven, then what about the millions who have never heard of him?" Or, "If God cares for everyone, then why does he eternally torture some in hell?" In *The Case for Faith*, Strobel turns his tenacious investigative skills to the most persistent emotional objections to belief--the eight "heart" barriers to faith. *The Case for Faith* is for those who may be feeling attracted to Jesus but who are faced with formidable intellectual barriers standing squarely in their path. For Christians, it will deepen their convictions and give them fresh confidence in discussing Christianity with even their most skeptical friends.

48 **Case for Miracles, The** Lee Strobel

A Journalist Investigates Evidence for the Supernatural

New York Times bestselling author Lee Strobel trains his investigative sights on the hot-button issue of whether it's credible to believe God intervenes supernaturally in people's lives today. The book features the results of exclusive new scientific polling and first-hand reports that show miracle accounts are much more common than people think.

50 **Case for the Real Jesus, The** Lee Strobel

A Journalist Investigates Scientific Evidence That Points Toward God

Has modern scholarship debunked the traditional Christ? Has the church suppressed the truth about Jesus to advance its own agenda? What if the real Jesus is far different from the atoning Savior worshipped through the centuries? In *The Case for the Real Jesus*, former award-winning legal editor Lee Strobel explores such hot-button questions as:

- Did the church suppress ancient non-biblical

documents that paint a more accurate picture of Jesus than the four Gospels? • Did the church distort the truth about Jesus by tampering with early New Testament texts? • Do new insights and explanations finally disprove the resurrection? • Have fresh arguments disqualified Jesus from being the Messiah? • Did Christianity steal its core ideas from earlier mythology? Evaluate the arguments and evidence being advanced by prominent atheists, liberal theologians, Muslim scholars, and others. Sift through expert testimony. Then reach your own verdict in *The Case for the Real Jesus*.

A New Testament Inquiry Into the Origins of the Doctrine of the Incarnation

This text is designed for students and academics studying the doctrine of the incarnation. James Dunn clarifies in detail the beginnings of the belief in Christ as the Son of God and discusses the historical context of such beliefs. Exploring key titles and passages within the New Testament, he argues that the incarnation cannot simply be understood in terms of the \"myth of heavenly or divine being come to earth\", but should be grounded in the New Testament context of meaning.

J. Warner Wallace

A Homicide Detective Investigates the Claims of the Gospels

Written by an L. A. County homicide detective and former atheist, Cold-Case Christianity examines the claims of the New Testament using the skills and strategies of a hard-to-convince criminal investigator. Christianity could be defined as a “cold case”: it makes a claim about an event from the distant past for which there is little forensic evidence. In Cold-Case Christianity, J. Warner Wallace uses his nationally recognized skills as a homicide detective to look at the evidence and eyewitnesses behind Christian beliefs. Including gripping stories from his career and the visual techniques he developed in the courtroom, Wallace uses illustration to examine the powerful evidence that validates the claims of Christianity. A unique apologetic that speaks to readers' intense interest in detective stories, Cold-Case Christianity inspires readers to have confidence in Christ as it prepares them to articulate the case for Christianity.

76 **Desire of Ages, the** Ellen G. White

According to Wikipedia: "Ellen Gould White (born Harmon) (November 26, 1827 to July 16, 1915), born to Robert and Eunice Harmon, was an American Christian leader whose ministry was instrumental in founding the Sabbatarian Adventist movement that led to the rise of the Seventh-day Adventist Church. Supporters of Ellen G. White regard her as a contemporary prophet, even though she never claimed this title for herself. Support for her role is usually expressed in the language that she exhibited the spiritual gift of prophecy as outlined in the New Testament. Her restorationist writings showcase the hand of God in Christian history. This cosmic conflict, referred to as the "great controversy theme", is foundational to the development of Seventh-day Adventist theology. Her involvement with other Sabbatarian Adventist leaders, such as Joseph Bates and her husband James White, would form what is now known as the Seventh-day Adventist Church. White was a controversial figure even within her own lifetime. She claimed to have received a vision soon after the Millerite Great Disappointment. In the context of many other visionaries, she was known for her conviction and fervent faith. Randall Balmer has described her as "One of the more important and colorful figures in the history of American religion". White is the most translated female non-fiction author in the history of literature, as well as the most translated American non-fiction author of either gender. Her writings covered theology, evangelism, Christian lifestyle, education and health (she also advocated vegetarianism). She was a leader who emphasized education and health, and promoted the establishment of schools and medical centers. During her lifetime she wrote more than 5,000 periodical articles and 40 books; but today, including compilations from her 50,000 pages of manuscript, more than 100 titles are available in English. Some of her more popular books include Steps to Christ, The Desire of Ages, and The Great Controversy."

Inside History's Bestseller for Believers and Skeptics

A Doubter's Guide to the Bible is a concise account of the whole biblical narrative and the lifestyle it inspires, representing a unique and engaging framework for those observing Christianity from the outside, especially those who think there are good reasons not to believe. In this book, Dickson provides a readable and winsome Bible primer summarizing the main themes in scripture, and addresses tough questions such as "How can we read the creation account in Genesis in light of modern science?" and, "how do we approach Old Testament law when it appears inconsistent and irrelevant?" By presenting the whole of the Bible as an account of God's promise to restore humanity to Himself, and humanity to one another and to creation, Dickson allows believers and skeptics alike to gain insight into why the Bible has been a compelling, life-changing, and magnetic force throughout the ages.

93 **End of Reason**

Ravi Zacharias

When you pray, are you talking to a God who exists? Or is God nothing more than your "imaginary friend," like a playmate contrived by a lonely and imaginative child? When author Sam Harris attacked Christianity in Letter to a Christian Nation, reviewers called the book "marvelous" and a generation of readers---hundreds of thousands of them---were drawn to his message. Deeply troubled, Dr. Ravi Zacharias knew that he had to respond. In The End of Reason, Zacharias underscores the dependability of the Bible along with his belief in the power and goodness of God. He confidently refutes Harris's claims that God is nothing more than a figment of one's imagination and that Christians regularly practice intolerance and hatred around the globe. If you found Sam Harris's Letter to a Christian Nation compelling, the book you are holding is exactly what you need. Dr. Zacharias exposes "the utter bankruptcy of this worldview." And if you haven't read Harris' book, Ravi's response remains a powerful, passionate, irrefutably sound set of arguments for Christian thought. The clarity and hope in these pages reach out to readers who know and follow God as well as to those who reject God.

12 Reasons Why Evolution Cannot Explain the Origin of Life on Earth

There is scientific evidence proving evolution cannot be responsible for life on Earth. It is time to question what biology text books and nature documentaries claim about our origins. Even Darwin admitted, I threw out queries, suggestions, wondering all the time over everything; and to my astonishment the ideas took like wildfire. People made a religion of them. Dr. John Ashton has dedicated 40+ years to teaching and researching science, and exposing the lack of proven evidence for Darwin's theories. In Evolution Impossible, he uses discoveries in genetics, biochemistry, geology, radiometric dating, and other scientific disciplines to explain why the theory of evolution is a myth. Discover for yourself: Why the fossil record is evidence of extinction, not evolution How erosion and sedimentation dates conflict with radiometric dating How the lack of transitional fossils undermines evolutionary notions Why living cells and new organisms do not rise by chance or random mutations

Regardless of your level of scientific education, you will finish this book able to cite 12 reasons why evolution cannot explain the origin of life.

118 **Gathering Storm, The**

Jr. R. Albert Mohler

Secularism, Culture, and the Church

The president of Southern Seminary reveals how secularism has infiltrated every aspect of society and how Christians, equipped with the gospel of Jesus Christ, can meet it head on with hope, confidence, and steadfast conviction. A storm is coming. Western civilization and the Christian church stand at a moment of great danger. The storm is a battle of ideas that will determine the future of Western civilization and the soul of the Christian church. The forces we must fight are ideologies, policies, and worldviews that are deeply established among intellectual elites, the political class, and our schools. More menacingly, these ideas have also invaded the Christian church. From threats to religious liberty and redefinitions of marriage and family to attacks on the sacredness and dignity of human life, the perils faced by the West and the church are unprecedented. How should Christians respond to this challenge? *The Gathering Storm* provides the answer, addressing each dimension of culture and showing Christians how to give an answer for the hope that is within them and how to contend for the faith that was once and for all delivered to the saints.

127 **God is Good for You**

Greg Sheridan

A defence of Christianity in troubled times

The Judeo-Christian tradition has created and underpinned the moral and legal fabric of Western civilisation for more than 2000 years, yet now we've reached a point in both Australia and many parts of the West where Christianity has become a minority faith rather than the mainstream belief. It's a situation that's fraught both for Christians and our wider society, where the moral certainties that were

the foundation of our institutions and laws are no longer held by the majority. At this point of crisis for faith, *God is Good for You* shows us why Christianity is so vital for our personal and social well-being, and how modern Christians have never worked so hard to make the world a better place at a time when their faith has never been less valued. It carries a vital torch for Christianity in a way that's closely argued, warmly human, good humoured yet passionate, and, above all, convincing.

John Bevere

Why Good Without God Isn't Enough

These days the terms good and God seem synonymous. We believe what's generally accepted as good must be in line with God's will. Generosity, humility, justice: good. Selfishness, arrogance, cruelty: evil. The distinction seems pretty straightforward. But is that all there is to it? If good is so obvious, why does the Bible say that we need discernment to recognize it? *Good or God?* isn't another self-help message. This book will do more than ask you to change your behavior. It will empower you to engage with God on a level that will change every aspect of your life.

139 **Grace Abounding**

John Bunyan

To the Chief of Sinners In a Faithful Account of the Life and Death of John Bunyan

"Grace Abounding continues the tradition of Christian testimonial classics tracing back to the Confessions of Saint Augustine. John Bunyan's autobiography, written while he was imprisoned for holding unsanctioned religious services and first published in 1666, is the unsparing account of one man's spiritual journey from atheism and blasphemy to devout Christianity. A reckless and profane youth leads Bunyan to despair in the belief that he has committed unforgivable sins. But two religious books belonging to his wife set Bunyan on the straight and narrow and a lifetime of pious devotion. Honest and unblinking in his self-assessment, Bunyan saw it as his duty to tell his story, warts and all, in order to comfort all those struggling with their faith. This classic of religious literature continues to be essential reading for the faithful and for students of great English literature. English preacher and writer JOHN BUNYAN (1628-1688) is the author of nearly sixty books, nine of which were written while he was in prison for unlicensed preaching. His works include *The Pilgrim's Progress* (1678-84), *The Life and Death of Mr. Badman* (1680), and *The Holy War* (1682)."

How to Change the World

Pulitzer Prize-winning reporting team, husband and wife Nicholas D. Kristof and Sheryl WuDunn, take us on a journey through Africa and Asia to meet an extraordinary array of exceptional women struggling against terrible circumstances. More girls have been killed in the last fifty years, precisely because they are girls, than men were killed in all the wars of the twentieth century combined. More

girls are killed in this routine 'gendercide' in any one decade than people were slaughtered in all the genocides of the twentieth century. In the nineteenth century, the central moral challenge was slavery. In the twentieth, it was totalitarianism. In the twenty-first, Kristof and WuDunn demonstrate, it will be the struggle for gender equality in the developing world. Fierce, moral, pragmatic, full of amazing stories of courage and inspiration, HALF THE SKY is essential reading for every global citizen.

147 **Healing the Masculine Soul**

Gordon Dalbey

God's Restoration of Men to Real Manhood

In his groundbreaking book fifteen years ago, Gordon Dalbey identified the fact that men's souls have been torn between strength and sensitivity. Today, the situation is even worse. The politically correct crowd cries out for men to be more sensitive, to tame their masculine nature. On the opposing side, the media bombards men with \"macho\" images of violence and lust. Is it any wonder men are left bewildered about who they should be? In this newly revised and updated edition of Healing the Masculine Soul, Dalbey claims that there's hope for restoration, hope for healing-because Christ has come to heal us. God is calling men out to a relationship with Himself and calling them out to authentic manhood. \"Our task is not to curse our manhood, but to redeem it,\" he writes. Gordon Dalbey's refreshing, comprehensive picture of God's design for the masculine soul dares men to be as God created them to be-not as society demands. Dalbey tackles the tough issues, including work, sexuality, marriage, and fatherhood. Book includes Study Guide.

148 **Heaven?: Where Did You Get That Idea?**

bill medley

The most relevant evangelistic challenge of our times is that unbelievers already believe in heaven! When anyone dies, \"They are up there smiling down on us!\" But where did they get that idea? This book investigates the sources and shows that whether people realise it or not their idea of heaven actually comes from the teaching of Jesus. So the need is - \"check with the owner of the place before you presume you have your room booked\". If Jesus is not real then neither is heaven. If heaven is real then you need Jesus to get there.

Surveys have shown that most people in the western world believe in the idea of heaven - but where did the idea come from? Many who believe in heaven don't know the answer to that, which suggests to the sceptic that the concept of heaven is nothing more than wishful thinking. Did the idea of heaven develop through near death experiences? Is there some consensus from the different world religions? '...I've seen better. Some of the grammar and punctuation was quite poor. Where did this guy go to school? It can't have been a Catholic school. Don't they have spell checks down in Australia? Burka is spelt with a \"q\"!' What is the Helper's role and function in the Church? The forty \"helps\" are ideal as a devotional guide for the forty days of Lent and for group or individual study. Just as the power of the Holy Spirit is needed every day to help us cope with the problems and complexities of life, so The Helper is a book for all seasons, with total sales of more than 1.2 million.

Personal Evangelism in a Skeptical World

Most Christians know they should be trying to tell their friends and family about Jesus. But in a post-Christendom world, personal evangelism is viewed negatively--it's offensive, inappropriate, and insensitive. Recent studies confirm that the majority of Christians rarely evangelize, worried they might offend their family or lose their friends. In *How to Talk About Jesus (Without Being That Guy)*, author Sam Chan equips everyday Christians who are reluctant and nervous to tell their friends about Jesus with practical, tested ways of sharing their faith in the least awkward ways possible. Drawing from over two decades of experience as an evangelist, teacher, and pastor, Chan explains why personal evangelism feels so awkward today. And utilizing recent insights from communication theory, cross-cultural ministry, and apologetics, he helps you build confidence in sharing your faith, and teaches you how to evangelize your friends and family in socially appropriate ways.

159 **Humble Apologetics** John Gordon Stackhouse

Defending the Faith Today

Publisher description: Is it still possible, in an age of religious and cultural pluralism, to engage in

Christian apologetics? How can one urge one's faith on others when such a gesture is typically regarded with suspicion, if not outright resentment? In *Humble Apologetics* John G. Stackhouse brings his wide experience as a historian, philosopher, journalist, and theologian to these important questions and offers surprising--and reassuring--answers. Stackhouse begins by acknowledging the real impediments to Christian testimony in North America today and to other faiths in modern societies around the world. He shows how pluralism, postmodernism, skepticism about our ability to know the truth, and a host of other factors create a cultural milieu resistant to the Christian message. And he shows how the arrogance or dogmatism of apologists themselves can alienate rather than attract potential converts. Indeed, Stackhouse argues that the crucial experience of conversion cannot be compelled; all the apologist can do is lead another to the point where an actual encounter with Jesus can take place. "Our objective," Stackhouse writes, "is to offer whatever assistance we can to our neighbors toward their full maturity: toward full health in themselves and in their relationships, and especially toward God." In the last part of the book, he shows how an attitude of humility, instead of merely trying to win religious arguments, will help believers offer their neighbors the gift of Christ's love. Drawing on the author's personal experience and written with an engaging directness and humility, *Humble Apologetics* provides sound guidance on how to share Christian faith in a postmodern world.

130 Arguments for Christian Faith

Perhaps you remember being in a university class, feeling frustrated when the respected professor dismissed questions from a student because of her religious faith. Or maybe over a business lunch one of your colleagues referred to Christianity as a fairytale, and you said nothing. Many Christians find themselves in such situations but don't speak up because they don't fully realize the strength of their own position. They feel incapable of giving reasons for the hope that is theirs. Christian apologetics is the discipline and growing body of knowledge that equips believers to address their own doubts, to converse with seekers and critics from a position of strength, and to bear witness to Christ with confidence. In the spirit of the title question, *If God Made the Universe, Who Made God?* collects 130 essays written in defense of the Christian faith. Contributors include some of the pre-eminent apologists of our time, from Lee Strobel and Charles Colson to Hank Hanegraaff, J. P. Moreland, and Ravi Zacharias. The content is grouped into ten topics: Apologetics: Introductory Issues Jesus Christ Science and Faith Cults and World Religions The Existence of God Ethics Theology The Scriptures Heaven and Hell Evangelism

Investigating Attacks on the Identity of Christ

What if the real Jesus is far different from the atoning Savior worshipped through the centuries? In *Defense of Jesus*, the follow up to the bestselling book *Case for Christ*, former award-winning legal editor Lee Strobel explores such hot-button questions as: Did the church suppress ancient non-biblical documents that paint a more accurate picture of Jesus than the

four Gospels? Did the church distort the truth about Jesus by tampering with early New Testament texts? Do new insights and explanations disprove the resurrection? Have fresh arguments disqualified Jesus from being the Messiah? Did Christianity steal its core ideas from earlier mythology? Evaluate the arguments and evidence being advanced by prominent atheists, liberal theologians, Muslim scholars, and others. Sift through expert testimony. Then reach your own verdict with *In Defense of Jesus*.

The way of the world will direct you to try harder and work smarter so that you can take care of yourself and even make yourself successful. But the way of the cross will point toward the place where you stop striving . . . stop pushing . . . stop every self-initiated effort—so that you can fall into the boundless, liberating, refreshing grace of God! Just imagine being love-driven instead of self-propelled. Imagine abandoning your life to Jesus instead of trying to save yourself. Can you imagine exchanging your fears for that peace that passes understanding? Being relaxed and free instead of stressed-out and anxious? If you can imagine enjoying God instead of trying to repay him, then you can imagine grace. So go ahead! Jump off the cliff of self-sufficiency. Leap out of legalism. Walk off the pier of guilt and condemnation. That’s the only way you’ll land in the strong arms of the Father who loves you . . . the Father who catches you—every time—in the grip of his grace.

168 **Investigating Jesus: An Historian's Quest** John Dickson

An Historian's Quest

How much can we really know about Jesus of Nazareth? How reliable are the Gospels and other sources and how widely have historians and theologians agreed on them? And how much does the historical record really matter? In this popular illustrated book, Australian scholar and TV documentary presenter, John Dickson, sets out to answer these questions. By reviewing ancient evidence, interviewing leading experts and setting out a robust historical method, he establishes clearly the reliability or unreliability of different sources, interpretations and arguments. Christianity prides itself on being an historical religion. John Dickson subjects this to very close scrutiny and shows both how vital this is and yet how different Jesus was from the way he is so often portrayed today.

Shane Claiborne

Living As an Ordinary Radical

Living as an Ordinary Radical Many of us find ourselves caught somewhere between unbelieving activists and inactive believers. We can write a check to feed starving children or hold signs in the streets and feel like we've made a difference without ever encountering the faces of the suffering masses. In this book, Shane Claiborne describes an authentic faith rooted in belief, action, and love, inviting us into a movement of the Spirit that begins inside each of us and extends into a broken world. Shane's faith led him to dress the wounds of lepers with Mother Teresa, visit families in Iraq amidst bombings, and dump \$10,000 in coins and bills on Wall Street to redistribute wealth. Shane lives out this revolution each day in his local neighborhood, an impoverished community in North Philadelphia, by living among the homeless, helping local kids with homework, and "practicing resurrection" in the forgotten places of our world. Shane's message will comfort the disturbed, and disturb the comfortable . . . but will also invite us into an irresistible revolution. His is a vision for ordinary radicals ready to change the world with little acts of love.

171 **Is Religion Dangerous?**

Keith Ward

Many commentators today claim that religion is dangerous and harmful. In addressing this question, Keith Ward begins by defining what religion actually is and how most human harm has been caused. He then looks at why people say that religion is dangerous, focusing particularly on religious wars and conflicts and on specific attacks on religion, such as the claims that God is wrathful, that religion is intolerant, that religious morality is primitive and cruel. Keith Ward argues that religion produces great good - for example, in terms of hospitals, the abolition of slavery, great art and music, moral heroism, and philosophy and science. Religion, he concludes, is the best rational basis for morality.

172 **Is Religion Irrational?**

Keith Ward

If the New Atheists are to be believed, religious belief is not only dangerous and irrational, but just plain stupid. With increasingly intolerant polemic they are dismissing the views of religious people, and misconstruing them in the process. In this book, Keith Ward debunks the notion that rationality and intelligence are incompatible with belief in God, going through some of the main criticisms raised by the New Atheists (and their predecessors), for example: - Does God cause evil? - Is the universe intelligently designed? - Is God free? This book is essential reading for anyone interested in the current cultural war between atheism and belief.

173 **It's Not About Me**

Max Lucado

Rescue From the Life We Thought Would Make Us Happy

There really is more to this life than you've been told. We've been demanding our way since day one ... "I want a spouse that makes me happy and coworkers that always ask my opinion." "I want weather that suits me and traffic that helps me and government that serves me." Self-promotion. Self-preservation. Self-centeredness ... "It's all about me." They all told us it was, didn't they? And we took them up on it. We thought self-celebration would make us happy ... But believing that has created chaos -- noisy homes, stress-filled businesses, cutthroat relationships. We've chased so many skinny rabbits, says Max Lucado, that we've missed the fat one: the God-centered life. If you want to shift into high gear with purpose, this is it: life makes sense when we accept our place! Our pleasures, our problems, our gifts and talents ... when they're all for the One who created us, we suddenly gain what we've been missing and find what we've been seeking. Let Max Lucado show you how to make the shift of a lifetime. How to bump your life off self-center. How to be changed and experience the meaning-charged life you were meant to have. Your discovery starts here.

Philip Yancey

There is no writer in the evangelical world that I admire and appreciate more. Philip Yancey helps reveal what two thousand years of history covered up. What happens when a respected Christian journalist decides to put his preconceptions aside and take a long look at the Jesus described in the Gospels? How does the Jesus of the New Testament compare to the new, rediscovered Jesus or even the Jesus we think we know so well? Philip Yancey offers a new and different perspective on the life of Christ and his work, his teachings, his miracles, his death and resurrection and ultimately, who he was and why he came. From the manger in Bethlehem to the cross in Jerusalem, Yancey presents a complex character who generates questions as well as answers; a disturbing and exhilarating Jesus who wants to radically transform your life and stretch your faith. The Jesus I Never Knew uncovers a Jesus who is brilliant, creative, challenging, fearless, compassionate, unpredictable, and ultimately

satisfying. No one who meets Jesus ever stays the same, says Yancey. Jesus has rocked my own preconceptions and has made me ask hard questions about why those of us who bear his name don't do a better job of following him.

180 **Justice Project (mersion: Emergent Village** Ashley Bunting Seeber, Brian McLaren, Elisa Padilla

Justice and the call for change are in the air. Whether it's extreme poverty, human rights, racism, or the Middle East, news outlets bombard us with stories about the need for justice in the world. But how are Christians to respond to these stories and the conditions to which they refer? Here's help. Editors Brian McLaren, Elisa Padilla, and Ashley Bunting Seeber have amassed a collection of over 30 brief chapters by some of the most penetrating thinkers in the justice conversation, including René Padilla, Peggy Campolo, Will and Lisa Samson, Sylvia Keesmaat, Bart Campolo, Lynne Hybels, Tony Jones, and Richard Twiss. Divided into sections, "God of Justice," "Book of Justice," "Justice in the USA," "Just World," and "Just Church," The Justice Project invites readers to deepen their understanding of the pressures our world faces and to take up the challenge of alleviating them. Never has the world been in greater need of Christians who "do justice, love mercy, and walk humbly with God." This resource will help them do just that.

Peterson explores the 15 psalms, known as the Song of Ascent, used by Hebrew pilgrims as they journeyed to Jerusalem for the great worship festivals. **THE QUEST:** Peterson uses the book of Jeremiah to inspire a wide-ranging analysis of the human spiritual condition. For those who choose to live courageously rather than cautiously, *The Quest* paints a vivid picture of a practical and authentic spirituality for everyday living.

More and more the fact comes into focus that they, and not I, are responsible before God for their actions. But I am responsible for the changes that need to be made in me.\" Evelyn's fourteen-month spiritual adventure in learning how God changes people became the exciting story of this book. First published in 1977, \"Lord, Change Me!\" has surpassed one million copies in print and continues to help a new generation of Christian women--and men--experience the spiritual transformation God commands in Romans 12:2. \"Lord, Change Me!\" outlines seven methods of real, inside-out change as well as ways to check to be sure it is God who is doing the changing. Josh became a speaker on college and university campuses, challenging those who were just as skeptical as he had been. Here Josh focuses upon the person who changed his life - Jesus Christ. A hard-headed book for people who are sceptical about Jesus' deity, his resurrection, and his claims on their lives. 128 pages, from Living Books.

218 **Multiple Staff and the Larger Church, the** Lyle E. Schaller

Larger churches are different--in expectations, in performance, in staffing, and in use of lay volunteers. Their unique differences require special handling. And that's what this first-of-its-kind book is all about. Expert Lyle Schaller helps the leaders of larger churches understand the special characteristics of these churches and helps members of multiple staffs see their role and the context of that role more clearly. Schaller fully describes the differences that mark the larger church of 700 to 1,000 or more members. He discusses the many alternatives of staffing: part-time vs. full-time, use of more volunteers, and the many duties that can be carried out by these staff members. Special emphasis is given to the role of the senior minister, the role of the associate minister, and to their relationship with one another. Since one-sixth of all congregations account for nearly half the total members of all churches in the United States, that one-sixth actually sets the pace for the religious life of the nation. The need for specialized help is imperative, and Lyle Schaller has provided that help in this important and useful book.

Struggling to save the men under his command from starvation, from cholera, from beatings, he receives a letter that will change his life forever. This savagely beautiful novel is a story about the many forms of love and death, of war and truth, as one man comes of age, prospers, only to discover all that he has lost. 'The Narrow Road to the Deep North is a big, magnificent novel of passion and horror and tragic irony. Its scope, its themes and its people all seem to grow richer and deeper in significance with the progress of the story, as it moves to its extraordinary resolution. It's by far the best new novel I've read in ages.' - Patrick McGrath 'Magnificent.' -- Michael Gorra, The New York Times 'Beyond comparison . . . an immense achievement . . . 227 **Not All Roads Lead to Heaven** Dr. Robert Jeffress

Sharing an Exclusive Jesus in an Inclusive World

Almost 60 percent of those in American evangelical churches believe that many religions can lead to eternal life. But if Jesus is to be trusted when he says that no one comes to the Father except through him, the church is failing in its mission. And it's not hard to guess why. An exclusive Jesus just isn't popular in our inclusive world. Dr. Robert Jeffress calls on Christians to recover the exclusive claims of the one they claim as Lord and Savior, not as a way to keep people out of heaven but as the only way to invite them in. He tackles questions like - Can people be saved who have never heard of Christ? - What about those who worship God by another name? - Do children automatically go to Heaven when they die? True compassion for non-Christians doesn't lie in letting them go their way while we go ours, but in sharing the only true way with them.

Re:CONSIDERING invites you to look at what's familiar from an unfamiliar angle. To consider how we consider things - and how to do it better. Pandemic, supervolcano, late capitalism, transhumanism, populism, cancel culture, the post-antibiotic age, the gig economy, the surveillance state, the cascading effects of climate change ...Whatever the specifics, do you ever feel like things are going off the rails - or are just about to? If you've read the news, watched a zombie movie, or gotten into an argument on Twitter lately, the answer is probably yes. And you're not alone. What makes us such apocalypses? What's so appealing about Armageddon? What are the pleasures - and also the perils of our pessimism?

247 **Pollution and the Death of Man**

Francis A. Schaeffer, Udo W. Middelmann

At the creation of the world, God gave mankind the responsibility to exercise dominion over the earth. Man was to use the earth and its abundance of resources to satisfy his physical needs, but he was also to care for the earth and its creatures as a wise and godly steward. Reading about endangered species or another oil spill will make it abundantly clear that the human race has failed miserably in its God-given mandate. How did we get to this point? Where should we go from here? This classic by Francis Schaeffer, now repackaged, looks at contemporary ecological crises through the lens of theology and Scripture. Renowned for his work in applied philosophy and theology, Schaeffer answers serious philosophical questions about creation and ecology. He concludes that we must return to a profoundly and radically biblical understanding of God's relationship to the earth, and of our divine mandate to exercise godly dominion over it. Repackaged and republished, Pollution and the Death of Man carries an important and relevant message for our day. With concluding chapter by Udo Middelmann.

261 **Prodigal God, The** Timothy Keller

Recovering the heart of the Christian faith

In THE PRODIGAL GOD, New York pastor Timothy Keller uses the story of the prodigal son to shine a light on the central, beautiful message of Jesus: the gospel of grace, hope and salvation. Keller argues that the parable of the prodigal son, while Jesus' best-known parable, is also his least understood. He introduces the reader to all the characters in this timeless story, showing that it concerns not just a wayward son, but also a judgemental older brother and, most importantly, a loving father. This short but powerful book is a reminder to the faithful, an explanation to the seeker, and finally an invitation to all – both older and younger brothers – to enter in to the 'unique, radical nature of the gospel': the reckless, spendthrift love of God.

Discover the same practical insights and principles for growing a healthy church that Rick has taught in seminars to over 22,000 pastors and church leaders from sixty denominations and forty-two countries. Mark Driscoll

Reaching Out without Selling Out

Reformation is the continual reforming of the mission of the church to enhance God's command to reach out to others in a way that acknowledges the unique times and locations of daily life. This engaging book blends the integrity of respected theoreticians with the witty and practical insights of a pastor. It calls for a movement of missionaries to seek the lost across the street as well as across the globe. This basic primer on the interface between gospel and culture highlights the contrast between presentation evangelism and participation evangelism. It helps Christians navigate between the twin pitfalls of syncretism (being so culturally irrelevant that you lose your message) and sectarianism (being so culturally irrelevant that you lose your mission). Included are interviews with those who have crossed cultural barriers, such as a television producer, exotic dancer, tattoo studio owner, and band manager. The appendix represents eight portals into the future: population, family, health/medicine, creating, learning, sexuality, and religion. Mark Driscoll was recently featured on the ABC special The Changing of Worship.

277 **Ring of Truth**

J. B. Phillips

A Translator's Testimony

J.B. Phillips, best known for his translations of the New Testament, wrote Ring of Truth out of a deep concern for many Christians whose simple faith was being eroded by the widespread dissemination of views of certain modern scholars challenging the accuracy and reliability of the Bible. Phillips' experience in translating the New Testament convinced him that what is written in the Gospels, however much modern scholarship may try to explain it away, has indeed "the ring of truth." In this personal statement of faith he shares the exciting discoveries he made in the course of translation, and his delight in them; he communicates the fruits of his scholarship and his intimate knowledge of

the New Testament; but even more he offers his spiritual certainty to those Christians who may be bewildered by destructive tone of much writing about the Bible. The average Christian dismayed by such arguments will be reassured by this testimony of a New Testament scholar who is still convinced of the validity of the Bible and its relevance to contemporary life.

286 **Seven Days That Divide the World: The**

John C. Lennox

The Beginning According to Genesis and Science

What did the writer of Genesis mean by "the first day"? Is it a literal week or a series of time periods? If I believe that the earth is 4.5 billion years old, am I denying the authority of Scripture? In response to the continuing controversy over the interpretation of the creation narrative in Genesis, John Lennox proposes a succinct method of reading and interpreting the first chapters of Genesis without discounting either science or Scripture. With examples from history, a brief but thorough exploration of the major interpretations, and a look into the particular significance of the creation of human beings, Lennox suggests that Christians can heed modern scientific knowledge while staying faithful to the biblical narrative. He moves beyond a simple response to the controversy, insisting that Genesis teaches us far more about the God of Jesus Christ and about God's intention for creation than it does about the age of the earth. With this book, Lennox offers a careful yet accessible introduction to a scientifically-savvy, theologically-astute, and Scripturally faithful interpretation of Genesis.

291 **Singular Woman, A**

Janny Scott

The Untold Story of Barack Obama's Mother

Watch a video A major publishing event: an unprecedented look into the life of the woman who most singularly shaped Barack Obama-his mother. Barack Obama has written extensively about his father, but little is known about Stanley Ann Dunham, the fiercely independent woman who raised him, the person he credits for, as he says, "what is best in me." Here is the missing piece of the story. Award-winning reporter Janny Scott interviewed nearly two hundred of Dunham's friends, colleagues, and relatives (including both her children), and combed through boxes of personal and professional papers, letters to friends, and photo albums, to uncover the full breadth of this woman's inspiring and untraditional life, and to show the remarkable extent to which she shaped the man Obama is today. Dunham's story moves from Kansas and Washington state to Hawaii and Indonesia. It begins in a time when interracial marriage was still a felony in much of the United States, and culminates in the present, with her son as our president- something she never got to see. It is a poignant look at how character is passed from parent to child, and offers insight into how Obama's destiny was created early, by his mother's extraordinary faith in his gifts, and by her unconventional mothering. Finally, it is a heartbreaking story of a woman who died at age fifty-two, before her son would go on to his greatest accomplishments and reflections of what she taught him.

Is our affluent lifestyle at odds with our faith? Is America really in moral decline? Is Islam really an evil religion? Should Christian parents pull their kids out of public schools? 311 **Three Revolutions: Three Drastic Changes**

Robert B. Crotty

Three Drastic Changes in Interpreting the Bible

The author describes the drastic changes or revolutions that have occurred in the interpretation of the Bible during his own lifetime. The author uses his own experiences to describe these revolutions and to reflect on what consequences they have had for his own life-story. The first revolution was the introduction of the historical-critical approach. The Bible was interpreted as historical in a broad sense, not in all its details. In a Roman university the author later found that this broad historical verification of the Bible became more and more problematic. The second revolution is described as the Bible as Literature methodology. This approach puts aside his- tory and examines the Bible as a clever and subtle literary document which has controlled religious belief and practice but cannot be substantiated as historical fact. There was a third revolution. Within the secular university scene, the author became involved in the study of anthropology and sociology. Judaism and Christianity were seen as religions amongst other reli- gions; their sacred writings were seen as sacred writings alongside others. The new approach forces him to rethink the history of Israel, the relevance of the Hebrew Scriptures and Judaism itself; he also has to rethink the history of Jesus, the relevance of the Christian Scriptures and Christianity. This life journey should be of interest to those working in the fields of biblical and religion studies.

Jesus and Muhammad are arguably the two most influential individuals who have ever lived. Over half of the world today claims to follow them and the religions they founded: Christianity and Islam. This book answers all these questions, drawing on the earliest ancient documents we have about them. In the light of the current tensions that exist in the world, the future of civilisation may well depend on how humanity responds to Jesus and Muhammad.

Signposts to Discovering God's Presence in the World

Many people find the modern world a threatening place. Technologies that can control life, social and moral changes, ethnic tensions and other events that dominate our daily news often make the world seem an alien place. Yet for all its failings, it is God's world and Waymarks teaches us to recognize and celebrate his presence and activity, even where we least expect it. Waymarks explores the ways in which life's difficult challenges can be transformed into 'moments of possibility', where we can co-operate in bringing good even out of seemingly hopeless situations. These include attentiveness to Scripture, sensing our interconnections with the earth and with each other, giving expression to our creative imagination, letting go in laughter and in tears, rediscovering prophecy, healing, confession, finding friendship with God and regaining the sense that life is provisional and death is part of the journey we are making. These themes have been developed in response to the many questions brought by countless visitors and pilgrims to Iona and they offer an authentic and practical spirituality for life in today's complex world.

329 **What's So Amazing About Grace?**

Philip Yancey

In 1987, an IRA bomb buried Gordon Wilson and his twenty-year-old daughter beneath five feet of rubble. Gordon alone survived. And forgave. He said of the bombers, "I have lost my daughter, but I bear no grudge. . . . I shall pray, tonight and every night, that God will forgive them." His words caught the media's ear--and out of one man's grief, the world got a glimpse of grace. Grace is the church's great distinctive. It's the one thing the world cannot duplicate, and the one thing it craves above all else--for only grace can bring hope and transformation to a jaded world. In What's So Amazing About Grace? award-winning author Philip Yancey explores grace at street level. If grace is God's love for the undeserving, he asks, then what does it look like in action? And if Christians are its sole dispensers, then how are we doing at lavishing grace on a world that knows far more of cruelty and unforgiveness than it does of mercy? Yancey sets grace in the midst of life's stark images, tests its

mettle against horrific "ungrace." Can grace survive in the midst of such atrocities as the Nazi holocaust? Can it triumph over the brutality of the Ku Klux Klan? Should any grace at all be shown to the likes of Jeffrey Dahmer, who killed and cannibalized seventeen young men? Grace does not excuse sin, says Yancey, but it treasures the sinner. True grace is shocking, scandalous. It shakes our conventions with its insistence on getting close to sinners and touching them with mercy and hope. It forgives the unfaithful spouse, the racist, the child abuser. It loves today's AIDS-ridden addict as much as the tax collector of Jesus day. In his most personal and provocative book ever, Yancey offers compelling, true portraits of grace's life-changing power. He searches for its presence in his own life and in the church. He asks, How can Christians contend graciously with moral issues that threaten all they hold dear? And he challenges us to become living answers to a world that desperately wants to know, What's So Amazing About Grace?

338 **Who Moved The Stone?**

Frank Morison

English journalist Frank Morison had a tremendous drive to learn of Christ. The strangeness of the Resurrection story had captured his attention, and, influenced by skeptic thinkers at the turn of the century, he set out to prove that the story of Christ's Resurrection was only a myth. His probings, however, led him to discover the validity of the biblical record in a moving, personal way. Who Moved the Stone? is considered by many to be a classic apologetic on the subject of the Resurrection. Morison includes a vivid and poignant account of Christ's betrayal, trial, and death as a backdrop to his retelling of the climactic Resurrection itself.—Print Ed. Reviews: "It is not only a study on the Resurrection account as the title seems to suggest, but it retells the whole passion of Jesus Christ. Because the author does not concern himself with textual criticism, he is able to impress on the reader a consistent picture of the events of Passion and Resurrection. For this reason the book will perform a helpful service to everyone who wants a reconstruction of those events."—Augustana Book News "A well-arranged summary of events relating to the resurrection of Christ and the pros and cons in the debate over their acceptance with emphasis on the latter."—Watchman Examiner "The story Mr. Morison has told of the betrayal and the trial of Christ is fascinating in its lucid, its almost incontrovertible, appeal to the reason. For me, he made those scenes live with a poignancy and vividness that I have found in no other account, not even in the various attempts that have been made to present the same facts in the guise of a novel."—J. 339 **Why Am I Afraid to Love?**

John Powell

Tradition has it that God's second commandment is that we should love one another. Why is it so hard? The capacity to love is in everyone. Yet so often it remains trapped and waiting to be released. In John Powell's best-selling Why Am I Afraid to Love, he carefully and sensitively confronts the barriers that restrain. He looks at the fear of rejection, the motives for love, how to truly understand the inner self and what true love looks like. He then considers the true test of love: can self be forgotten in loving others? Based on the original best-selling edition, this new book has been completely re-designed. A fitting companion to Why Am I Afraid to Tell You Who I Am?, it is one of the most original and popular self help books on the market. It sits comfortably alongside other classics like I'm OK, You're OK. Why Am I Afraid to Love has sold over 100,000 copies in its original edition.

Alister E. McGrath

Is the New Atheism Running on Empty?

An accessible discourse written by a trusted expert and scholar critiquing the new atheism on its own merits and claims. The rise of the new atheism, which includes the manifestos of Richard Dawkins and

Christopher Hitchens, has created a public willingness in today's marketplace to talk about God and religion. Yet the debate up to this point has focused largely on rebutting the new atheist critique of Christianity. *Why God Won't Go Away* moves into new territory by challenging the new atheism on its own grounds. Chapters include discussion on: What is the new atheism The problem of religion The problem of human nature Believing only what can be proved Dealing with imagined worlds and myths The new humanism and the new enlightenment Violence and dogmatism This book is written by a theology professor and Christian apologist who not only has a best-selling book rebutting the new atheist critique of Christianity but has debated Richard Dawkins in Oxford, Christopher Hitchens in Washington, and Daniel Dennett in London.

Keith Ward

Doubting Dawkins

Richard Dawkins recently claimed that 'no theologian has ever produced a satisfactory response to his arguments'. Well-known broadcaster and author Keith Ward is one of Britain's foremost philosopher-theologians. This is his response. Ward welcomes all comers into philosophy's world of clear definitions, sharp arguments, and diverse conclusions. But when Dawkins enters this world, his passion tends to get the better of him, and he descends into stereotyping, pastiche, and mockery. In this stimulating and thought-provoking philosophical challenge, Ward demonstrates not only how Dawkins' arguments are flawed, but that a perfectly rational case can be made that there, almost certainly, is a God.

Discovering the Secret of a Man's Soul

John Eldredge revises and updates his best-selling, renowned Christian classic. God designed men to be dangerous, says John Eldredge. Simply look at the dreams and desires written in the heart of every boy: To be a hero, to be a warrior, to live a life of adventure and risk. Sadly, most men abandon those dreams and desires-aided by a Christianity that feels like nothing more than pressure to be a "nice guy." It is no wonder that many men avoid church, and those who go are often passive and bored to death. In this provocative book, Eldredge gives women a look inside the true heart of a man and gives men permission to be what God designed them to be-dangerous, passionate, alive, and free.

Based on new research, You Lost Me shows pastors, church leaders, and parents how we have failed to equip young people to live "in but not of" the world and how this has serious long-term consequences. More importantly, Kinnaman offers ideas on how to help young people develop and maintain a vibrant faith that they embrace over a lifetime.
